

Terms & Conditions

Rules for using FleetVix services

Last Updated: [DD Month YYYY]

1. Acceptance of Terms

These Terms & Conditions govern your access to and use of FleetVix, including its website, application, dashboards, and related services.

By creating an account or using FleetVix, you agree to these Terms. If you do not agree, do not use the service.

If you use FleetVix on behalf of a business or organization, you confirm that you are authorized to accept these Terms on its behalf.

2. Description of Services

FleetVix may provide:

- Construction-site and project management.
- Worker and driver management.
- Attendance and daily work records.
- Vehicle and machinery assignment.
- GPS and location-related features, where supported.
- Fuel, expense, material, and operating-hour records.
- Reports, receipts, dashboards, and document exports.
- Paid subscriptions and optional advanced features.

Features may vary according to the subscription plan, account role, device, third-party integration, and availability.

3. User Accounts and Responsibilities

You agree to provide accurate information and keep your account details up to date.

You are responsible for safeguarding your login credentials and for activity performed through your account, except where applicable law provides otherwise.

You must notify us promptly if you suspect unauthorized access.

Users must not impersonate another person, use another person's account without authorization, or provide false information to obtain access.

4. Owner, Supervisor, Driver, and Worker Responsibilities

Business owners and administrators are responsible for assigning appropriate permissions and ensuring that people using their organization's account are authorized.

Owners must ensure that vehicle assignments, attendance records, work logs, fuel entries, and expense records are maintained responsibly.

Drivers and workers must enter accurate information, follow assigned workflows, and not falsify attendance, trip records, fuel entries, receipts, or work reports.

Owners and administrators are responsible for ensuring that employee monitoring and location tracking are appropriately disclosed and lawfully conducted.

5. Vehicle Tracking and Location Accuracy

FleetVix may display location data obtained from a mobile device or an authorized third-party telematics service.

Location availability and accuracy depend on factors such as device permissions, GPS reception, internet connectivity, device battery, provider availability, and the underlying tracking system.

FleetVix does not guarantee uninterrupted, real-time, or perfectly accurate tracking.

A displayed location may be delayed or represent the last available report rather than the vehicle's current position.

Users must not rely solely on FleetVix for emergency response, personal safety, collision prevention, or other safety-critical decisions.

6. Fuel Information and Operational Estimates

Fuel information may be entered manually, derived from recorded expenses and operating data, or received through supported third-party integrations.

Where fuel consumption or remaining-fuel values are estimated, they are indicative only and may differ from actual consumption or tank levels.

FleetVix does not guarantee the detection of fuel theft, leakage, unauthorized refuelling, mechanical problems, or inaccurate entries.

Users should verify important fuel and operating information independently before making financial, maintenance, or disciplinary decisions.

7. User-Provided Content and Records

You retain the rights you have in the content you submit, subject to applicable law and any rights belonging to other parties.

You grant FleetVix permission to host, process, display, and use submitted content as reasonably necessary to operate, secure, and provide the services you request.

You must have the necessary rights and permissions to upload photographs, documents, receipts, location records, and information about other people.

You must not upload unlawful, misleading, malicious, infringing, or unauthorized content.

You are responsible for checking the accuracy of business records and reports before relying on them or sharing them with third parties.

8. Subscriptions, Fees, and Payments

Some FleetVix features may require a paid subscription.

The applicable price, billing period, included features, applicable taxes, and subscription duration will be shown before purchase.

A subscription begins or becomes active after the payment has been successfully verified, subject to the applicable plan terms.

Unless explicitly stated otherwise, a subscription does not automatically renew, and a new purchase is required to obtain another subscription period.

Payments may be processed by an authorized payment gateway. FleetVix may use transaction references and payment status to confirm a purchase.

Refund requests, failed payments, duplicate payments, and payments for which a subscription was not activated will be handled according to the refund terms displayed at purchase and applicable law.

No clause in these Terms excludes a refund or other remedy required by applicable law.

9. Subscription Expiry and Feature Access

When a paid subscription expires, FleetVix may restrict features that require an active subscription.

The app should clearly identify which features are paid and explain what happens when a subscription expires.

Where possible, users should retain reasonable access to essential account information and be able to obtain records they are entitled to access, subject to security, retention, and legal requirements.

Subscription expiry does not authorize FleetVix to disregard applicable data-protection obligations.

10. Prohibited Activities

You must not:

- Attempt unauthorized access to accounts, databases, APIs, or other systems.
- Interfere with the security or normal operation of FleetVix.
- Reverse engineer or misuse the service except where applicable law permits it.
- Upload malware or attempt to disrupt other users.
- Falsify records or use FleetVix for unlawful surveillance.
- Track a person or vehicle without appropriate authority.
- Resell, copy, or commercially exploit FleetVix without permission.
- Use FleetVix in violation of applicable laws or third-party rights.

11. Availability and Third-Party Dependencies

FleetVix may depend on internet connectivity, cloud hosting, mapping providers, authentication services, payment gateways, device permissions, and third-party telematics systems.

Temporary interruptions, maintenance, outages, or changes to third-party services may affect certain features.

We will make reasonable efforts to maintain and improve the service, but we do not guarantee uninterrupted availability unless expressly agreed in a separate written service agreement.

12. Intellectual Property

FleetVix's software, branding, design, documentation, and other original materials are owned by or licensed to the relevant rights holder.

You may use FleetVix only as permitted by these Terms. No ownership of FleetVix's intellectual property is transferred to you through use of the service.

13. Suspension and Termination

We may restrict or suspend access where reasonably necessary to protect security, investigate suspected fraud, address serious misuse, enforce these Terms, or comply with legal obligations.

Where appropriate and legally permitted, we will provide notice and an opportunity to resolve the issue.

You may stop using FleetVix and request account closure through the available account settings or support channel.

Account closure and deletion of associated information will be handled according to the Privacy Policy and applicable legal requirements.

14. Disclaimers and Limitation of Liability

FleetVix provides operational management and record-keeping tools. It is not a substitute for professional vehicle maintenance, physical inspections, safety procedures, or independent verification of business records.

To the extent permitted by applicable law, FleetVix is not responsible for decisions made solely on the basis of inaccurate, delayed, incomplete, or estimated data.

Nothing in these Terms excludes liability that cannot lawfully be excluded or limits statutory rights available to consumers or other users.

Any other limitation of liability must be interpreted subject to applicable law.

15. Changes to the Service or Terms

We may update FleetVix or revise these Terms as the service develops.

We will publish revised Terms with an updated effective date and provide notice or obtain renewed agreement where required by law.

If a material change requires your agreement, continued use alone will not replace any legally required consent.

16. Governing Law and Disputes

These Terms are subject to the laws of India, to the extent applicable.

Disputes will be handled by the competent courts or other dispute-resolution forums having jurisdiction under applicable law. Nothing in this section removes any mandatory rights or remedies available to a user.
